FSC© 1996 Forest Stewardship Council A.C. The Global Benchmark for Responsible Forest Management SGS-COC-2262

Comments (if applicable): The European Union EcoLabel is intended to encourage the development of products whose manufacture respects the environment absolutely in every phase of processing. The level has been awarded on the basis that very strict conditions and procedures apply. NB. A few slower moving stock items are still in the changeover to FSC. Please check current FSC status at time of ordering.
